15 Oak St, Springvale

Walgreens

Influenza can be a serious disease for older adults, young children and those with chronic conditions and weakened immune systems.

This FREE Flu Vaccine...

- ~ Reduces the impact of serious illness in our community.
- ~ Protects you from the disease and prevents you from passing it on to someone who is not protected.
- ~ Is recommended for everyone over 6 months of age - with or without insurance.

Nasson Health Care offers primary health care, behavioral health and dental care to the communities of York County.
